Join us for **complimentary** cocktails, a buffet dinner and video presentations of minimally invasive gynecologic surgical techniques. The video presentations may include:

- Robotic Myomectomy
- Closure of Vaginal Cuff with Quill
- TLH with Harmonic Scalpel
- LESS TLH and Cholecystectomy
- Fallopian Tube Prolapse with Harmonic Right Salpingo-oophorectomy with Cul-de-sac Access
- Prolapse and Vesico-vaginal Fistula with Modified LeFort
- Laparoscopic Management of Tubal Pathology
- Laparoscopic Colon Resection for Benign and Malignant Gyn Indications
- da Vinci Laparoscopic Sacrocolpopexy
- Quill Suture Uses

Really excellent forum in which to view techniques and new technology. Most pleased that I went and will definitely attend future festivals!
