

“15th Annual Advanced Workshop on Gynecologic Laparoscopic Anatomy & Minimally Invasive Surgery Including Pelvic Floor Reconstruction.”

Course Description

This course is designed for gynecologists with advanced laparoscopic skills who wish to expand their knowledge of retroperitoneal and Space of Retzius anatomy and the various surgeries performed therein. This extensive two-day course will expose the participants to the knowledge and expertise of world-renowned laparoscopic surgeons who will guide them through didactics and hands on cadaveric sessions utilizing unembalmed female cadavers.

No more than four participants are assigned to each cadaver and are closely supervised by experienced faculty instructors. Each participant will have the opportunity to operate, assist and observe in a rotational format to optimize his or her learning experience and suturing technique. The course will focus on demonstration of pelvic sidewall dissection, preparation for laparoscopic hysterectomy, uterosacral colposuspension, Burch retro pubic colposuspension and paravaginal defect repairs through the laparoscopic approach.

Pelvic floor reconstructive procedures will be highlighted during breakout sessions to accommodate those with a particular interest in furthering their skills in these procedures.

Course Objectives

At the conclusion of this activity, the participant will be able to:

- 1. Appraise skills learned to relevant pelvic anatomy and apply them for surgery including laparoscopic hysterectomy and pelvic floor surgery**
- 2. Apply skills learned to pelvic side wall dissection and illustrate retro peritoneal structures**
- 3. Explain the ergonomics, theory and rational for reproducible laparoscopic suturing**
- 4. Demonstrate measurable improvement in laparoscopic suturing skills**
- 5. Apply principles of Electro surgery to fresh tissue cadaver and discriminate between different tissue sealing devices.**
- 6. Identify risk factors for laparoscopic complications and manage treatment of such.**

Course Outline DAY 1

Friday, May 17, 2013

7:45 am	Welcome Address.....Department Chairman Sharmila Makhija
7:50am	Introduction and Course overviewR. Pasic
8:00am	Fundamental Laparoscopic Pelvic Anatomy A.I. Brill
8:40am	Pelvic sidewall Dissection, Retroperitoneal Anatomy.....R. Pasic
9:20am	Question and Answer Session
9:30am	Refreshment Break
9:40am	Energy Modalities in Endoscopic SurgeryA.I. Brill
10:20am	Applied Pelvic Anatomy for Management of Endometriosis and Adnexal Disease G.M. Janik
11:00am	Laparoscopic Suturing J. Hudgens
11:40am	Question and Answer Session All Faculty
12:00pm	Working Lunch Video: Laparoscopic Dissection
1:00pm – 5:00pm	Hands-on Cadaver Dissection (3 participants per cadaver) <ul style="list-style-type: none">• Review Surface Anatomy of the Pelvis• Anatomy and Technique of Performing Uterosacral Ligament Suspension• Retroperitoneal Spaces, Vessels, Nerves Dissection• Dissection of Pelvic Sidewall

7:00 pm. Reception dinner for all course participants and faculty at Dr. Pasic's home.

Course Outline DAY 2

Saturday, May 18, 2013

8:00am	Laparoscopic Treatment of Apical Prolapse	A. Azadi
8:30am	Back to the Burch, Slings and Things	S. Frances
9:00am	Pearls of Laparoscopic Hysterectomy	S. Biscette
9:30am	Complications of Laparoscopy and How to Avoid Them	R.P. Pasic
10:10am	Question and Answer Session	
10:30am	Refreshment Break	
10:45am	Hands-on Cadaver Dissection	
	• Anatomy and Refined Techniques of Performing Laparoscopic Hysterectomy	
	• Dissection of the Space of Retzius	
	• Laparoscopic Suturing	
12:45pm	Lunch	
1:30pm	Hands-on Cadaver Dissection - Continued	
	• Laparoscopic Repair of Bowel, Bladder and Ureteral Injury. Laparoscopic Sacro colpopexy.	
	• Review of Laparoscopic Anatomy	
	• Vaginal Pelvic Floor Reconstruction using TVT, Trans Obturator Slings, TVT Secure	
5:00pm	Complete Evaluation Forms – Adjourn	

Local Faculty

Ali Azadi, M.D.

Assistant Professor
Division of Uro Gynecology
Department of Ob/Gyn & Women's Health
University of Louisville School of Medicine
Louisville, Kentucky

Lab Director and Program Co- Chair

Shan Biscette, M.D.

Assistant Professor
Department of Ob/Gyn & Women's Health
University of Louisville School of Medicine
Louisville, Kentucky

Mark Dassel, M.D.

Department of Ob/Gyn & Women's Health
University of Louisville School of Medicine
Louisville, Kentucky

Nicolette Deveneau, M.D.

Department Of Ob/Gyn & Women's Health
University Of Louisville School Of Medicine
Louisville, Kentucky

Sean Francis, M.D.

Director Division of UroGynecology
Associate Professor
Department of Ob/Gyn & Women's Health
University of Louisville School of Medicine
Louisville, Kentucky

Thomas Lang, M.D.

Department of Ob/Gyn & Women's Health
University of Louisville School of Medicine
Louisville, Kentucky

Ronald L. Levine, M.D.

Professor
Department of Ob/Gyn & Women's Health
University of Louisville School of Medicine
Louisville, Kentucky

Jonathan H. Reinstine, M.D.

Clinical Professor

Department of Ob/Gyn & Women's Health
University of Louisville School of Medicine
Louisville, Kentucky

Lori Warren, M.D.

Women First of Louisville
Assistant Clinical Professor
Department of Ob/Gyn & Women's Health
University of Louisville School of Medicine
Louisville, Kentucky

Guest Faculty

Andrew I. Brill, M.D.

Department of Obstetrics & Gynecology
California Pacific Medical Center
San Francisco, California

Grace M. Janik, M.D.

Associate Clinical Professor
Department of Ob/Gyn
Medical College of Wisconsin
Co-Director
Milwaukee Institute of Minimally Invasive Surgery
Milwaukee, Wisconsin

Joseph (Jay) L. Hudgens, M.D.

Center for Women's Health
Owensboro Medical Health System
Owensboro KY
Assistant Professor University of Kentucky

Jessica Shepherd M.D., MBA

Assistant Professor
Director of Minimally Invasive Gynecology
University of Illinois at Chicago

Scientific Program Chair

Resad P. Pasic, M.D., Ph.D.

Professor
Director - Section of Operative Gynecologic Endoscopy
Department of Obstetrics, Gynecology & Women's Health
University of Louisville School of Medicine
Louisville, Kentucky
