Join us for **complimentary** cocktails, a buffet dinner and video presentations of minimally invasive gynecologic surgical techniques. The video presentations may include:

- Repair of Large Vaginal Mesh Exposure with Biological Graft
- Robotic resection of cornual pregnancy
- Laparoscopic Single-Port Supracervical Hysterectomy
- Laparoscopic Vaginal Cuff Closure with Single Needle Unidirectional Barbed Suture
- Laparoscopic Myomectomy
- Robotic Sacrocolpopexy after Vaginal Hysterectomy
- Single Port Laparoscopic Video
- Laparoscopic management of advanced abdominal pregnancy
- The Difficult Hysterectomy
- Laparoscopic Management of Endometriosis

SURFF events are for physicians only

This was my first attendance at the Surgical Film Festival and I greatly enjoyed myself. The exhibitors were very friendly and helpful with their products. I met many other physicians in the area and had fun discussing different procedures and techniques at their institutions. The experience offered many different perspectives. Thank you!

-2010 SURFF Attendee

To register:

<http://www.regonline.com/879457Louisville>

www.surgicalfilmfestival.com/events

For questions about registration, please contact Global Planners:
email: surgicalfilmfestival@globalplanners.com or phone: 609.424.0225
